Highlights:

Michelangelo Square - The square, dedicated to the renaissance artist Michelangelo Buonarroti and designed by architect Poggi in 1869, is the most beautiful and famous panoramic view of Florence. The view captures the heart of Florence from Forte Belvedere to Santa Croce, across the lungarni and the bridges crossing the Arno, including the Ponte Vecchio, the Duomo, Palazzo Vecchio, the Bargello and the octagonal bell tower of the Badia Fiorentina. Beyond the city are the hills of

Settignano and Fiesole. In the same area we'll see the church of San Miniato a Monte, part of the medieval walls of the city and the villa where Galileo Galilei resided in the last part of his life.

History of Florence - The ride will take you through the monuments and the history of Florence: Piazza Santa Maria Novella with the basilica, Piazza Santa Croce, the Duomo or Santa Maria del Fiore, Ponte Vecchio, Ponte Santa Trinita', the Medici Chapels.

Fiesole - Fiesole is one of the wealthiest suburb of Italy and it is located on the hills north of Florence. It was probably founded in the 9th–8th century BC [Visul] and it was an important member of the Etruscan confederacy, as may be seen from the remains of its ancient walls.

Itinerary:

The most fun and unique tour ride available in Firenze!

9:15 am - Meeting point and check in on Via Curtatone n.9. After a basic orientation on how to sit on a vespa and other tips for your comfort, tour begins. If you have a "bucket list" this is the time to tell your guide.

10:30 am - You will be riding as a passenger for three hours around the city and the suburban areas, exploring Florence from the unique perspective of a local, with great photo ops and lots of fun. We'll stop upon your request for pictures or just relax with a good italian espresso!

12:30 pm - We'll be back to the meeting place or if you prefer we'll drop you off at your hotel.

[Note: All scheduled times are an approximation and can vary slightly based on situations out of our control (traffic, weather, etc.)]

Full Description:
